# Congratulations to the IL PHCC AUXILIARY: and the IL PHCC Expo on 44 Great Years of Serving our Contractors and the Plumbing Industry!

**Providing the Most Responsive Advocacy and Support  
to Chicagoland's Union Plumbing Contractors.**

The PCA of Greater Chicago (Plumbing Contractors Association), founded in 1882 as the trade association and signatory partner to Plumbers' Local 130 UA, today encompasses 17 counties in Northern Illinois.

The PCA through the Plumbing Council (Industry Fund) provides all of our affiliated contractors with education, advocacy, legislative & political action, public information, referrals, marketing initiatives and more aimed at promoting, protecting and advancing our contractors in the plumbing trade.

To find and hire one of our reputable union plumbing contractors for residential and commercial service and repair, municipal and industrial jobs, call 1-800-76-VALVE or visit [www.pcaofchicago.com](http://www.pcaofchicago.com).

### CORROSION RESISTANT

304 grade stainless steel is excellent for highly acidic and variable water conditions. Unlike Brass, Stainless Steel fittings are not susceptible to dezincification.

### SUPERIOR STRENGTH

Stainless Steel fittings are up to twice as strong as brass and poly. A stronger fitting means better water hammer resistance and less chance of fitting failure. Our grade 300 fittings can withstand 240lbs of force.

### 90° SWEEP ELBOW

This unique sweep elbow reduces friction loss and turbulence found in most other 90° elbows. Our Cold Expansion elbows have an 18.5% higher flow rate (at 40 PSI) than Poly CEP fittings.
